The Mystic Valley Latin Club strives to expose students to the Roman world outside the confines of the Latin language curriculum. The goal of the club is to not only read literature that interests the students, but to introduce topics of Roman culture that impact us in the world today. Areas such as Roman politics, poetry, gladiatorial spectacles, and archaeology are just some of the aspects of Roman society we will discuss. Fun activities such as games, t-shirt design, and school-wide events will allow members to publically share their interest in the Classical world with their peers. Field trips to the Museum of Fine Arts and to classics conventions are all tentatively planned and it is the hope of the club that these excursions add to the interest level of all the students. *Latina Collegia! Gaudēmus igitur!*
