### Book Club Events

**Our High School newspaper focuses on promoting a positive school image.**

**Our main interests are reporting on our school's successes in sports, academics and extracurricular events, and bringing about student awareness of major world events. Students are encouraged to write about topics that interest them both in school and extracurricular activities. Students who are not interested in joining the newspaper club, but who would like to write occasionally, are welcome to.**

**The Magna Charter encourages active student participation in the newspaper so if you are interested in submitting an article please email it to the advisors.**

**Have a wonderful school year!**
