Weather Related School Closing Policy – Priority Listing of News Agencies

As you know, the school's usual policy for school cancellation due to inclement weather is to cancel school only when the Governor declares a state of emergency for the Commonwealth. Occasionally there may be extenuating circumstances resulting in school closure, but the policy outlined above will be the usual procedure.

The school reserves the right to **delay** the opening of school and/or **cancel bus transportation** for the day if we determine it is in the best interest of our students. Please note that if bus transportation is canceled, it will be canceled for the entire day, both morning and afternoon. Parents will then be responsible for transporting their children.

The school uses WHDH Channel 7 and its sister station CW 56, the priority news channel, along with radio station WRKO AM680, to communicate school closings or changes (transportation or delays).

Please note that Mystic Valley is its own school district and makes decisions on delays and transportation independently of the cities in our charter community.
