Student government builds school spirit, plans social events for students, and acts as a liaison between students and faculty. Each class elects a president, vice president, secretary, and treasurer, who work as a team both within each grade level and within the entire organization. To make outside-of-class events possible, student government raises funds regularly and may partner with other organizations. The club builds Mystic Valley spirit by selling school apparel and accessories. Events include dances several times a year, a pep rally in November, and a talent show in the spring. Student government strives to set a proactive and positive example for the student body as it establishes and continues traditions for our growing school.
