Dear Parent/Guardian of Current Eighth Grade Student:

On behalf of the teachers and staff at our high school, we hope your eighth grade student has settled easily into the 2018-2019 school year. While it is still relatively early in the year, it is important to begin considering your child’s high school education. I am writing this letter to invite you to visit our high school campus for our eighth grade parent open house on Tuesday, October 23, at 6:30 pm at the high school’s Emerson campus (238 Highland Ave., Malden).

We are proud of the outstanding learning environment we have cultivated through the hard work of our staff, the dedication of our board of trustees, and the collaboration of the Mystic Valley community at large. We believe Mystic Valley’s high school will offer your child opportunities that are unmatched by any other high school in our region, public, private, or otherwise. We continue to introduce new academic and co-curricular programs, working with our families to provide the best possible education for the students we serve. All the while, we strive to graduate civic-minded men and women who will give back to their communities as participatory, engaged citizens.

We would also like to extend an invitation to our eighth grade students to visit the high school for one full school day, between October 29 and November 9, to experience our high school classes. We will be transporting one eighth grade group each day via school bus, and those students will experience a typical school day at the high school. We will then bring the students back to the Maplewood campus, via school bus, with the rest of the high school student body. Your child will have the same lunch options he or she usually has. Each eighth grade student must arrive at the Fishbowl by 7:20 am on the day of his or her high school visit in order to take the bus to the high school campus. Alternatively, you may transport your child directly to the high school, arriving no later than 7:55 am.

Please complete the attached permission form and return it to the school as soon as possible, but no later than Monday October, 15. If your child does not return the form, he or she will remain at the lower school and attend classes with one of our other eighth grade teams. If you have any questions about this event, or any general questions about our high school, please do not hesitate to contact me.

Sincerely,

Matthew Stone
